Work Experience

Full Stack Developer
Self-Project | HR Management Dashboard
May 2024 - Present

- Developed an HR management dashboard using the MERN stack (MongoDB, Express.js, React.js, Node.js).
- Built reusable front-end components, implemented state management using React hooks, and created responsive designs.
- Designed secure RESTful APIs for handling employee data, authentication, and authorization with JWT.
- Integrated email notifications using Gmail API for onboarding processes.

Internship - Full Stack Developer
Guvi Geek Technology, Chennai | Jan 2024 - Jun 2024

- Collaborated on team projects to build scalable full-stack applications.
- Utilized React.js and Bootstrap for developing user interfaces and responsive designs.
- Implemented backend logic using Node.js and Express.js, working with MongoDB to manage data storage.
- Gained experience in version control with Git and cloud deployment using Netlify and Render.

Area of Interest

- Full Stack Development
- Front-end Development
- Back-end Development
- Open-source Contributions

Certifications

- Full Stack Developer Course, **Guvi Geek Technology**
- JavaScript and React.js Bootcamp, **Udemy**

Achievements

- Participated in various Full Stack Development workshops and seminars.
- Contributed to open-source projects in the web development space.

Personal Information

- **Date of Birth:** 07 June 1993
